

# Energy Efficiency: TBC

## New crusher

### New mobile crusher saves energy

#### Main Investment

Installation of mobile stone crusher

#### Size of Investment

800,000 USD

#### Date of Implementation

Currently under implementation

#### Operational Results

- More efficient crushing process
- Expected 190,000 USD or 70% savings from reduced electricity and diesel consumption

#### Investment Profitability

- Payback period of 5 years
- IRR 20%

**2,360 MWh or 70% of energy savings expected**

**European Bank**  
for Reconstruction and Development

This project is funded by  
the European Union
